Request for Architectural Control Committee Approval

1. Provide the information requested below and attach this form to your plans / supporting documents.
2. Provide a sketch of the location of the proposed work on a photocopy of the plat of your property. Scaled architect's, engineer's, or contractor's drawings may be used as an alternative if lot lines, easements and building set-back lines are shown. Sketches are not required for re-roof or re-paint. However, shingle color and weight, or color of paint must be specified (paint chips are ideal).
3. If you desire a copy of the approved plans, please submit an extra set for review. The principal copy of all submitted plans will be retained.
4. Your plans will be reviewed as soon as possible. The Committee is required to act on the plans within 45 days, but the review process rarely takes that long. In the event the Committee fails to approve or disapprove within that time frame, the plans will be approved by default, provided the plans and specifications do not violate the Declaration of Covenants, Conditions and Restrictions of Country Meadows (Harris County Clerk's File No. S683394)
